

CUBA'S HEALTH CARE SYSTEM

WHERE HUMANITY COMES FIRST

ELLEN BERNSTEIN

WITH INTRODUCTION BY
REV. LUCIUS WALKER, JR.

“The unfailing dedication of Cuban health care professionals has led to dramatic improvements in quality of life, for millions of people who previously had no other hope of receiving decent medical care. IFCO/Pastors for Peace is pleased to honor the diligent health care professionals of the Cuban health care system. We especially pay tribute to Cuba’s national leadership, whose vision of universal health care as a right of every citizen sets an example for the world.”
